Terms and conditions

How Care Plan membership works (sample wording)

1. Membership

A Care Plan is a monthly clinic membership. You may hold one active plan at a time. Cover starts on the day you join.

2. Monthly payments

The monthly fee is paid from the credit card you choose. Only the card type, last four digits and expiry date are kept on file. The full card number and security code are never stored.

3. Changing your card

You may change the card your plan is paid from at any time in your Care Plans dashboard. Cards that have expired cannot be used.

4. Cancelling

There is no long contract. You may cancel at any time from your Care Plans dashboard. Your payment history remains available to you after you cancel.

5. What a Care Plan is not

A Care Plan reduces what you pay at this clinic. It is not hospital cover, insurance or a registered medical scheme.

6. Your information

Your plan, payments and documents are visible only to you and authorised clinic staff.

This is sample wording for demonstration and is not a contract. Final terms are confirmed by the clinic.
